

MOCCASINS II PAVEMENT FUNDRAISING EVENTS

Raising Awareness on Turtle Island for Homelessness, Mental Wellness & Addictions

It's been told, many summers ago, a New Beginning for the First Nations will Rise!

...as the story goes after a Spiritual Warfare has ended. The People will gather in certain sacred places where healing will begin within and spread across the Sacred Turtle Island like WILDFIRE!!! The simple ways of First Nations will be felt across Mother Earth, to Live in Harmony & PEACE once again!

Elder L'hooskuz Dené Nation, Quesnel, BC Canada

Summer 2022

The Moccasins II Pavement Major Fundraising Event March 25, 2023 at the Quesnel Tillicum Society Native Friendship Centre (dinner, dance, silent auction) for its scheduled Tour is to kick off in Quesnel BC Canada in early Spring 2023.

We are living in a time where Homelessness, Mental Wellness & Addictions are at an all time epidemic. The Moccasins II Pavement Tour will have a tremendous impact on our children in First Nations and our future generations of ALL PEOPLE on Mother Earth. Our children and our street family are OUR FUTURE and the Future Leaders & Healers of Our Nations on Turtle Island. Getting to the ROOT OF THE PROBLEM through traditional medicine coupled with revolutionary biochemical science + cognitive therapy & recovery programs will result in the healing of our MINDS, BODY, SPIRIT & EMOTIONAL BODIES.

We are hoping to do multiple FUNDRAISING EVENTS throughout the City of Quesnel & surrounding First Nations communities to assist us with this incredible healing journey across Canada and the States. Your contributions to these fundraising events will greatly assist us in reaching our outlined goal. Donations through your company/organization will go toward touring costs and the Patricia Lasca Healing Foundation (non-profit) which assists individuals to offset the cost of medical labs & coaching through NUTRIENT PSYCHIATRY. Please visit dandilionhealing.com for more detailed information on the Foundation and Nutrient Psychiatry.

We truly are grateful for your support & blessings as we embark on our travels throughout Turtle Island.

Yours in Brain Health & Lifelong Mental Wellness,

Danné Mykietyyn
